Advanced peri-operative Trans-Esophageal Echocardiography (TEE) Workshop

Venue: The Learning resource center (LRC)

Structure: one-day course with a maximum of 15 participants (from 9.00 am to 4.00 pm)

Purpose of the program and course
The course is designed to provide the participant with the knowledge and skills of advanced perioperative trans-esophageal echocardiography (TEE)

Candidates' criteria: Participants basic knowledge about perioperative TEE.
Objectives:
- To be aware with the TEE principles of:
  - Mitral & Tricuspid valves diseases:
  - Aorta and Aortic Valve diseases:
  - Assessment of RV function
  - Myocardial Ischemia
- To be aware with the pitfalls and artifacts with TEE.

Methodology:
- Interactive Lectures: highlighting all the topics
- Discussions: to investigate and address the participants concerns and queries
- Demonstration on volunteer: based TTE workshop as a guide to TEE
- Operating room Live cases on TEE.
The course is provided by

- **Prof/Dr Maged Salah (Course director)**
  Professor of Anesthesia & surgical ICU
  Faculty of Medicine - Cairo University
  American Board of peri-operative TEE

- **Prof/Dr Hossam El Ashmaway**
  Professor of Anesthesia & surgical ICU
  Faculty of Medicine - Cairo University
  European diploma of TEE

- **Prof/Dr Amr Hashem**
  Professor of Anesthesia & surgical ICU
  Faculty of Medicine - Alexandria University
  European diploma of TEE

- **Assist Prof/Dr Dina Soliman**
  Assistant Professor of Anesthesia & surgical ICU
  Faculty of Medicine - Cairo University
  European diploma of TEE
